TECHNICAL SKILLS

- ## SOFT SKILLS

- ## CERTIFICATION

- 5G Pioneers Program : Ericsson, Oct 2025
- Networking Academy Learn-A-Thon : Cisco, June 2025
- Introduction to IOT : Cisco, May 2025

LANGUAGE

- Malay : Native
- English : Fluent

PROJECT

Face Shape-Based Virtual Eyewear Try-On System | Apr 2025 - Feb 2026

- Developed an intelligent web-based system that classifies users' face shapes using a CNN model and recommends suitable eyewear styles.
- Integrated Flask backend with WebAR frontend for real-time augmented reality try-on experience.
- Implemented a rule-based recommendation engine and optimized model performance through data preprocessing, feature analysis, and hyperparameter tuning.

Smart Flood Alert IoT System | Mar 2025 - Aug 2025

- Developed an IoT system to monitor environmental sensors and send real-time data to a web dashboard.
- Implemented automated email alerts for flood detection using Mailgun to improve response time.
- Gained experience in Arduino programming, API integration, and web-based data visualization.

Data-Driven Insights into Rental Preferences: Analyzing Consumer Behavior | Oct 2024 - Feb 2025

- o Developed interactive dashboards and reports using Power BI to visualize complex datasets and deliver actionable insights.
- o Utilized Power BI's data modeling features to clean, transform, and aggregate data from multiple sources, ensuring accuracy and consistency.
